

NOTICE OF PUBLIC MEETING

THE PROJECT

The Town of Goderich is considering improvements to stormwater management in the Industrial Park. At this time, the Town is evaluating potential solutions, including the construction of two, dry-pond stormwater management facilities. The sites for the two ponds are shown in the figure below and are in the vicinity of Huckins Street, between Mooney Street and MacEwan Street.

ENVIRONMENTAL SCREENING PROCESS

The planning for this project is following the environmental screening process set out for Schedule B activities under the Municipal Class Environmental Assessment (Class EA) document. The purpose of this Environmental Assessment process is to review the appropriateness of the location for the proposed stormwater management facilities, identify any potential environmental impacts associated with the proposal, and to plan for appropriate mitigation of any impacts. The process includes consultation with the public, stakeholders and government review agencies.

PUBLIC INVOLVEMENT:

Public consultation is a key component of this study. The proposed consultation plan provides for a public meeting and presentation to be held to review the potential solutions and to give interested parties an opportunity to provide input into the project. Details regarding the date and location of the public meeting are as follows:

Date:	Thursday November 23, 2017
Time:	4:30 p.m.
Location:	Goderich Town Hall, Council Chambers 57 West Street, Goderich

For further information on this project, or to review the Class EA process, please contact the consulting engineers: B.M. Ross and Associates, 62 North Street, Goderich Ontario, N7A 2T4. Telephone (519) 524-2641. Fax (519) 524-4403. Attention: Lisa Courtney, Environmental Planner. E-mail: lcourtney@bmross.net
